

Presentation

On its 35 anniversary, the Institute of Research in Education (INIE) is pleased to invite professionals in different fields, with background and experience in education, to participate in the III International Congress in Educational Research: Globalization and Education, that will take place February 3rd, 4th and 5th, 2015 at the University of Costa Rica, San José, Costa Rica.

The Congress is intended to be an enriched academic event with the participation of different national and international experts, whose field of expertise will permit to reach a broader scope in the educational research work.

Currently, public education is immersed in a new worldwide dynamic in which the value of knowledge is measured based on the capital that it creates; likewise, the technological reality of what is called the information society establishes as unavoidable criteria service, quality, and speed of information to fulfill the requirements of the globalized context.

In this new condition of a globalized world, it is imperative to build alliances and place education as a clear scientific criteria that fulfills the needs of generation of knowledge beyond economic purposes.

As on other occasions, this event opens a space to learn about the advances and results of education research developed during recent years, and also to make public the approaches and methodologies frequently used.

The objective is to foster dialogue, reflection, analysis, critique, innovation, and generation of synergies that help to create a more humane society for all people that share and participate daily from learning as the most important human right worldwide.

Objectives

Main Objective

To analyze the results of the impact of the educational research carried out during the last five years, at both a national and international level, within the framework of globalization.

Specific Objectives

1. To show the results and advances of the educational research carried out during the last five years, at both a national and international level, within the framework of globalization.
2. To create an academic space that analyzes the educational system in order to improve Costa Rican education based on the research results.

3. To identify the topics and methodologies that are currently used in educational research.
4. To identify the impact of the new challenges for education that implies economic, social, political, technological and cultural globalization.

INIE Congress 2015

The III International Congress of International Research: Education and Globalization will accept academic work such as posters, papers, workshops, and videos. The documents submitted would be analyzed by the Science Committee, which will decide whether the documents are accepted based on the following evaluation criteria:

Content of the Proposal:

- Relation of the title, content and methodology
- Originality of the proposal
- Clarity and coherency in the organization of the activities
- Appropriateness and relevance for the educational field
- Updated bibliography

Format of the Proposal

- Clarity of the title work's
- Appropriate format references
- Fulfillment of the minimum format based on the established requirements for each category (poster, paper, workshop, or video)

Correspondence with the selected thematic focus

Correspondence to the focuses of the Congress (decision about the work location)

1. Methodological approaches of educational research in the current context.
2. Critical contribution to the evaluation, accreditation and standardization of educational processes
3. Socio-cultural contexts: problematic and possibilities of social transformation
4. Creativity and transformation in the process of teaching and learning
5. Humans rights, appropriateness, equity, and educational inclusion
6. Approaches that creates awareness about the relation education and work world

7. Teacher training in a globalized society.
8. Educational management in local and global contexts
9. Education in the information and knowledge society
10. Populations and groups: characteristics, vulnerabilities and educational strengths
11. Public policies and mercantilization of education
12. Networks and academic communities: contributions for educational research

The proposal must be an academic work done during the last 5 years, or results of advances of projects that are being carried out. Papers must be submitted as follows:

- A blind copy, in other words, without identification of the document that is submitted, such as: paper, workshop, posters or video)
- A brief CV of the author or authors
- Registration form (general information)
- Shared authorship form (when necessary)
- A letter confirming the following information:
 - Authors
 - Thematic focus for the proposal
 - Selected category for the presentation: paper, workshop, poster)
- Documentation must be submitted electronically to the following email address congreso2012.inie@ucr.ac.cr since April 15th, 2014
- Documents submitted by fax or other means will not be accepted
- The digital file must be identified with the first and last name of the author, the first two words of the title and the day that it was sent. For example:
BravoROsa.lalecturede.01abril2014

Considerations for the submission of academic work

The proposal of an academic work must be submitted in digital form, in Spanish, English or Portuguese, in Microsoft Word (.doc) format or similar (Windows 2000/XP) or in OpenDocument format (.odt) with Arial number 12 font, 1.2 space and normal margins. For all categories, the recommended extension is between five and twelve pages long. Tables and figures can be included as appendices, maximum two pages.

Deadlines

The deadline to submit documents such as poster, paper, workshop or video is August 30th, 2015 at noon

Within a month, the organization (September 30th), will notify the authors which works have been for the Congress.

For those proposals that must be corrected, authors will have a month from the date of notification to make changes and return them.

For more details about each category, select first: poster, paper, workshop, or video

Proposals of Papers

The proposal is a synthesis of a research study previously done or in the phase of conclusions and their components will not require an extended presentation. Neither summary nor key words need to be included. The document must include:

The first page with the following heading:

TITLE OF THE PAPER

Paper presented at the III International Congress of Educational Research 2015 at the University of Costa Rica

Left hand margin must include:

- The corresponding thematic focus or focuses
- First and last name of the author or authors, with their academic degree

The order of the document is:

- Introduction
- Methodology and review of literature
- Development of the topic and results
- Conclusions and contributions

Illustrations, photographs, and images do not have to be included. Tables and figures will be included as an appendix in a maximum of 2 pages.

Proposals for workshops

Workshops are practical means to show techniques, abilities, and procedures. It is important that they be organized in a way that offers explanatory information which later allows participation and application of topics addressed. The document must include:

The first page with the following heading:

TITLE OF THE WORKSHOP

Workshop presented at the III International Congress of Educational Research 2015 at the University of Costa Rica

The Left-hand margin must include:

- The corresponding thematic focus or focuses
- First and last name of the author or authors, with their academic degree

The order of the document contents is:

- Summary of the workshop that will be presented
- Theoretical basis
- Objectives and goals of the activity
- Methodology
- Chronogram
- Expected results

If special equipment is needed, please, inform the organization

Proposal for poster

The category of poster will permit extended diffusion of research results and foster the interaction between the authors and the participants of the congress. In this way, the poster must include not only accessible language but also necessary visual elements to show the topics addressed. The document submitted to the organization must include the following information:

- Title
- Objectives
- Approach and target population.
- Moreover, the poster has to be explained.
- When submitting the text, it is also best to include a printed draft of the document, or a digital version.

When elaborating the poster, please take these considerations into account:

- The required dimensions are approximately 120cm high and 90 cm wide
- The heading must include the following information: Title, authors, name of the unit, center, laboratory, and location where the research was carried out.
- Orientation is vertical
- The printed version may include descriptive texts, tables and figures legible from 2 mts. away. It may also include photographs, graphs, and other illustrations. The speakers or presenters must be the authors of the documents, or must have the authorization of the original authors to use them.
- The poster must be printed in high definition

- The authors will be responsible for assembling and dismantling of the poster and this must be done during the schedule that will be indicated by the organization on the Congress' web site.
- The organization is not responsible for works that have not been dismantled during the given schedule.

Proposal for Videos

it is expected that each video which help to explain the research projects based on images used in a dynamic and explicit way.

The document submitted for revision must include the following information:

- Title
- Objectives
- Approach and target population.
- The objective and content of the video must be explained.

The format of the video is as follows:

- The minimum size is 640x480. The format is QuickTime, WMV and mp4. The video must be approximately 15 minutes long, and should be explanatory in terms of both images and sounds
- The document has to be submitted to the Organization via a link for revision and selection
- The format for the presentation during the Congress must be DVD or USB flash disk

The video must be shared by Dropbox to congreso2015.inie@ucr.ac.cr
